Selective Waste Collection:

A fee of €2.50 (plus VAT) per metre of vessel length will be applied to all boats occupying the boatyard area where repair and maintenance work is carried out.

It is the user's responsibility to keep the assigned working area clean and tidy.

The Port reserves the right to charge users for cleaning services in cases where the working area has not been properly cleaned.

Works by Third Parties:

In cases where third parties (authorised by the port) carry out painting or other works, a fee of €2.50 (plus VAT) per metre of vessel length will be charged for the use of the boatyard facilities.

It is the user's responsibility to keep the assigned working area clean and tidy.

The Port reserves the right to charge users for cleaning services if the working area has not been properly cleaned.

de 18 a 18,99 m	290,42 €

Use of Facilities by Third Parties:

In the event that third parties (authorized by the port) use their equipment or rent the port's equipment to clean the boat, a fee of €6.00 (plus VAT) per meter of vessel length will be charged for the use of the port facilities.

In these cases, it will be the user's responsibility to properly clean the work area once the boat has been cleaned.

The port reserves the right to bill users for cleaning services for the work area if it has not been properly cleaned.

Karcher Machine Rental:

Karcher machine rental at €40.00 (plus VAT) per hour of use.

In these cases, it will be the user's responsibility to properly clean the work area once the boat cleaning is complete.

The port reserves the right to bill users for cleaning services in the work area if it has not been properly cleaned.
